Experience

Software Engineering Intern – Quantum Corp   May 2019 - Present

Worked on Quantum Managed Services, a service which allows Quantum to co-manage on-premise appliances from remote. Contracted by ProUnlimited.

Projects

Ludum Dare (Game Jam): Life is Currency   April 2019

Used Two.js to make a Tower Defense browser game in a team with one other where the only way to make currency is to lose health.

Hack Merced: On My Way   March 2019

Used ReactJS to make an alternative graduation requirement planner with the aim of being faster and more user friendly.

Google foobar   2018

Completed all levels (1 - 5) of the Google foobar coding challenge twice and had been reached out by Google on both occasions.
